Introducing the GHRA

Our association is dedicated to the preservation of railway history, especially in the Guelph area. The GHRA was formed in 1991 and our present focus is to continue building and maintaining our Railway Museum. The GHRA is a registered non-profit charity (BN 891314973RR0001) and will graciously accept any donations. We meet once a month to discuss club business, plan events and enjoy topical entertainment (slide shows, videos, special presenters). Meetings are the second Monday of each month in the Co-operators Building, downtown Guelph, 130 MacDonnell St. Meetings start at 7:30 PM. Visitors are always welcome.

GHRA Activities and Railroad Museum

In 1997 the GHRA held a "Guelph Railfest". The event featured a "speeder" run the entire length of the GJR line. In 1999 we organized two series of highly popular passenger excursions in April and October from Downtown Guelph to Guelph Junction. Also in the fall of 2003, we helped organize steam-locomotive excursion trains carrying passengers from the Guelph VIA Station. The club owns two pieces of vintage railway rolling stock – a restored CPR wooden caboose built in 1941 and a CN steel baggage car built in 1950. The GHRA hopes to one day establish a railway museum in Guelph with these historic railway cars on permanent public display. This equipment was part of the popular railway displays at GuelphFest in 2002- 2004, Doors Open Guelph in 2006 and the 2008 John Galt Day celebration. In 2009, we ran a "Tour of the Guelph Junction Railway" rare mileage excursion train. The GHRA also promotes railway safety within the community through ties with the Operation LifeSaver program.
